EXPANDED GRADE PROCESSES - GRADE 0¹

This bulletin gives a checklist of the Expanded Triple Grade Process commands. It is not all the possible processes for this level. If more are needed to attain full EP for this level additional processes can be found in LRH Bulletins, Books, Tapes, PABs and other issues.

Processes have been tripled up where possible. Refs: HCOB 3 Feb 69 Grades Triple Flows and HCOB 20 Nov 73 issue II C/S Series 89 F/N What You Ask or Program.

Each process is run to its full EP of FN, Cog, VGIs. Any previously run are rehabbed or completed and any missing flows run. A copy of this checklist is placed in the folder of a PC being run on Expanded Grades and the processes checked off with the date each is run to EP.

On any of these processes where the PC answers only yes or that he did it find out what it was by asking "What was it?". This keeps in the itsa line from the PC to auditor:

This bulletin does not replace Source data.
